(Insert For Meeting Minutes – March 14, 2012)

As to Section 10-5(b), the evolving consensus (although not final) of the Commission was to keep a unified budget, and therefore there would be no need to change any of the language of this section.

As to Section 10-5(c), the evolving consensus (although not final) of the Commission was to continue with the town meeting process for approval of the annual budget. There was some discussion of increasing the quorum number from 230 to 250 to reflect an increase in the population of the town. Further discussion was had with respect to whether an absentee vote would be appropriate at the annual town meeting, but no consensus was reached with respect to this issue.

There was some discussion regarding the difference in the language of Sections 10-5(c), 11-3(a) and 11-3(b), particularly that the language should be uniform, although the appropriate language not agreed upon.

As to Section 10-5(f), Chairman Brady agreed to obtain a copy of the budget resolution for the 2011 annual meeting for the purpose of ensuring that the Charter requirement and the traditional resolution were consistent. That issue was to be addressed at the next meeting.
